

## MEDIA PERMISSION SLIP 2020/2021 School Year

Pender Harbour Community School Society

**Explanation:**

The privacy of participants and minors during community programs and events is protected by law, and that applies to photographs taken in community programs and posted in public. The Pender Harbour Community School Society, through its programs, frequently takes photographs and must obtain permission from participants or their parents/guardians in order to share and display pictures. It is valuable for program participants, parents, and the Pender Harbour Community School Society to highlight and share group work and experiences with the community.

This disclaimer is a request to participants or parents/guardians to give their permission to the Community School to share and display photos and videos of their participation in activities.

**Disclaimer:**

It is possible that there will be media coverage of the Pender Harbour Community School Society's events and programs. The media coverage could involve participants being photographed and their name and comments being part of a broadcast, publication or electronic platforms (e.g., Community School Society's website, blog or Facebook page.)
